

Community Employment Tours

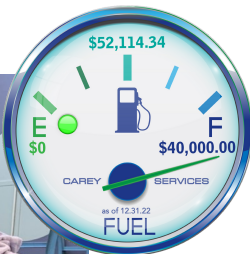

By Tanya Brown, Community Liaison, Carey Services

With construction underway for the new training center, what better way to get a first-hand look at jobs than local employment tours. Over the last few months, we have reached out to our community to help the individuals we serve get a better understanding of jobs in our area. This provides them a closer look at the skills needed to be successful at each job. The areas of employment vary, as do our tours. We have many supportive businesses, including SunsOut, Gillman Home Center, Lowe's Home Improvement, Wiley Metal Fabricating, Comfort Suites, reNEWed Boutique and Thrift, Mursix Corporation, Bad Apple Graphics and Kelly's The Florist. This has shown many different opportunities for employment. From puzzle making to machine fabrication to floral arranging, these tours have given individuals a new outlook on employment within the local community. We look forward to 2023 as we continue with employment tours and incorporate new volunteer opportunities.
